(2) The activity pertains to legal subjects or other subject matters which integrally relate to the practice of law;

(3) The purpose of the activity is the education of professionals including attorneys;

(4) The activity is conducted or taught by attorneys, although it may also be conducted or taught in part by individuals who have special education, training and experience by reason of which they should be considered experts concerning the subject matter of the program; and

(5) The activity is accompanied by a paper, manual or written outline which substantively pertains to the subject matter of the program.

(b) Examples. The program's purpose must be the education of professionals, including attorneys, on legal topics or on non-legal topics which nevertheless integrally relate to the practice of law, such as
